PROFESSIONAL SUMMARY

First-year Master's student in Cyber Security at Deakin University with a strong foundation in cloud security, GRC, and CNAPP across AWS and Azure. Possessing 2 years of hands-on experience in DevSecOps and automation (AI, Excel), utilising tools like Prisma Cloud, AWS Security Hub, and Azure Defender. Proficient in Python, web development, and Linux, complemented by excellent communication, problem-solving, and leadership skills. Committed to delivering secure and innovative solutions in collaborative environments.

KEY SKILLS

- | | | |
|----------------------------|----------------------|------------------------|
| • Leadership | • Strategic Planning | • Strong Communication |
| • Collaboration & Teamwork | • Problem-Solving | • Ethical Judgment |
| • Time Management | • Reliable | • Adaptive |

EXPERIENCE

Essen Vision Software Pvt. Ltd., Mumbai

July 2023 – Sept 2025

Cyber Security Analyst

- Led end-to-end DevSecOps security across code-to-cloud infrastructure with more than 5 departments for large enterprises and financial institutions, focusing on cloud application and workload security, reducing the Response time by over 70% for all severe security risks.
- Interacted with clients daily to understand requirements and deliver tailored solutions, while managing 3 cross-functional teams.
- Implemented GRC frameworks, delivered RCA and compliance solutions, and advised on cloud architecture and security controls to strengthen overall security posture from 45% to 90% in 1 year.
- Handled tools such as: Prisma Cloud, F5 WAF, Checkpoint Firewall.

Avignon University, France

June 2022 – July 2022

Project Intern

Cyber Security & AI/ML internship at Avignon University, France, assisted in projects including darknet monitoring for automatic detection of malicious activities, developed a custom algorithm using cybersecurity tools, Python, & ML.

Virtual Testing Foundation, Online

Oct 2021 - Dec 2021

Penetration Tester

Cybersecurity internship focused on OWASP Top 10 fundamentals, web application penetration testing, and vulnerability exploitation using tools such as Burp Suite. Worked on real-world scenarios through labs and a final Capture the Flag (CTF) challenge, developed professional penetration testing reports, and engaged with the cybersecurity community.

Supraja Technologies, Online

Apr 2021 - Jun 2021

Web App VAPT Intern

Cybersecurity internship covering Web Application VAPT and Bug Hunting, gaining hands-on expertise in OWASP Top 10 vulnerabilities, web app penetration testing labs, and professional use of tools such as Burp Suite & Nmap. Learned end-to-end bug hunting workflow, including reconnaissance, vulnerability exploitation, and report generation. Strengthened skills through real-world simulations, real-time bug hunting, and professional pentest documentation while engaging with the cybersecurity community.

EDUCATION

Deakin University <i>Master of Cyber Security (Professional)</i>	2025 – 2027
University of Mumbai <i>Bachelor's in Engineering – Computer Engineering</i>	2019 – 2023

COURSES AND CERTIFICATIONS

Prisma Certified Cloud Security Engineer , Palo Alto Networks	June 2025
AWS Cloud Quest: Cloud Practitioner , AWS	Dec 2023
MTA - Security Fundamentals , Microsoft	May 2021

VOLUNTEER EXPERIENCE

Vishwaniketan iMEET <i>Department President</i>	Aug 2022 – May 2023
---	---------------------

- As the President of the Student Council for the Computer department, worked to support the needs of all students for industry-level exposure.
- Implemented both academic and extracurricular events, focusing on technical activities that helped students improve skills and explore new ideas.

Armed Forces Preparatory Institute <i>Group Captain</i>	Aug 2017 – Apr 2019
---	---------------------

- Led and coordinated the daily routine of 72 cadets in Alpha Company, managing duty rosters and sports activities while ensuring fairness, discipline, and smooth communication across batches.
- Encouraged teamwork and guided junior cadets, motivating participation in sports events, and fostering camaraderie and confidence within the team.
